

## **Terms of Reference for the FP2020 Coordination Meeting**

### **Tuesday, 30 July 2013**

#### **Background**

The London Summit on Family Planning in July 2012 brought together country governments, donors and other partners around the globe to provide an additional 120 million women in the world's poorest countries with access to voluntary family planning by the year 2020. Following the Summit, the sponsoring donors (including DFID, the Bill & Melinda Gates Foundation, UNFPA, and USAID) launched follow-up actions in support of commitments made at the Summit through an initiative titled "FP2020." FP2020 supports existing initiatives and structures aimed at increasing access to family planning information and services.

As part of its follow-up on commitments made at FP2020, the Government of Indonesia, through BKKBN, will convene regular meetings of an Indonesia Country Engagement Working Group (CEWG), bringing together the broad range of partners providing valuable support for family planning initiatives in Indonesia. This forum establishes a focal link to the global FP2020 architecture, and offers an opportunity to coordinate more effectively with efforts underway through the national family planning programme, as well as among each other.

The Indonesia Country Engagement Working Group will be chaired by the BKKBN Deputy for Family Planning and Reproductive Health, with principal support from the global CEWG's designated country co-chairs, the UNFPA Representative and USAID Deputy for Health. Support for regular meetings of the Indonesia CEWG will be provided by the Indonesia FP2020 Secretariat.

The Country Engagement Working Group will convene a broad range of partners representing the existing architecture of family planning support in Indonesia. The first and second meeting of the Indonesia Country Engagement Working Group convened at BKKBN head quarter on 23 May 2013 and 8 July 2013. As agreed by the participants, the meetings will be convened in rotation at each of partners' country office. The third meeting will be convened at UNFPA office, on 30 July 2013.

#### **Objectives of the Meeting**

- Provide a mechanism that facilitates an information sharing and consultation process as part of the national efforts to fulfill FP2020 commitments,
- Explore ways of enhancing coordination and building upon existing supporting mechanisms.
